Temenos Community welcomes you.

Temenos Community sits on 56 wooded acres in Chester County, Pennsylvania. It is intentionally set apart as a living sanctuary for all who desire to rest, renew, and rejuvenate. We are made up of residents and non-residents of diverse origins and backgrounds. We welcome communities and individuals seeking time away to nurture new ways of being, dreams and visions. Foot trails meander through meadow and forest, following streams and deer trails. There are sites for moments of silence and solitude as well as areas for nature programs, campfires and outdoor reflection.

Temenos' primary purpose is to foster awareness and growth of the spirit through programs to integrate body, mind, emotion and soul. Temenos allows each person to find their own meaning and nourishment in the surroundings of beauty and community. At Temenos we invite you to be where Earth meets Sky.
